PRACTICAL INFORMATION

Climate & Clothing

Naples has an average daily temperatures that goes from 25 to 35 °C <https://www.ilmeteo.it/meteo/Napoli>
Summer clothing is recommended.

Food

Italian cuisine is very well known worldwide. Enjoy it. You can try a variety of delicious recipes, ranging from traditional Neapolitan dishes and national ones. You can eat everywhere, food is easy to find.

Electricity

Electricity in Italy, as in the rest of Europe, comes out of the wall socket at 220 volts alternating at a 50 cycles per second. Consider making a small investment in universal adapter, which has several types of plugs in one lightweight, compact unit. Most laptops and mobile phone chargers are dual voltage (i.e., they operate equally well on 110 and 220 volts), so require only an adapter. These days the same is true of small appliances such as hair dryers. Always check labels and manufacturer instructions to be sure. Don't use 110-volt outlets marked "for shavers only" for high-wattage appliances such as hair dryers.

Medical Services

Medical services are available in most towns by government hospitals and private clinics. Non-prescription drugs are available at pharmacies as well as supermarkets, and shopping centres.

Should you need special care during your stay please check with your personal health insurance.

Business Hours

The country is run on a normal eight hour-a day system - Sundays are days of rest. Government offices are opened from 9 am to 5 pm on weekdays. Banking hours is generally from 9 am to 5 pm. Department stores are open from 10 to 8pm and supermarkets are opened mostly from 8 to 8 pm. Downtown stores have different opening hours.

Welcome

We look forward to welcoming you at the Conference!
